

Renewal Family Ministry

1. Vision

To help families mature in their relationship with Christ so that couples will grow in union and Christlikeness, parents will disciple their children, families will actively participate in the work of the church.

Foundation: Help families mature in their relationship with Christ

The purpose of this ministry is to help people mature in their relationship with Christ. We believe that biblical marriages and parenting will be the natural by-product of spiritual vitality. (John 15:5)

Problems that arise in families usually have a deeper, spiritual root. Spiritual/character immaturity problems often manifest themselves in marriage or parenting problems. (Lk 6:43-45)
God has given us marriage more for our spiritual growth than even personal happiness.

Strengthen Marriages

Spiritual Vitality

To nurture shared spiritual disciplines for couples to do together (prayer, QT, sharing and accountability).

To expose and address deeper spiritual problems that often hurt marriages.

To expose members to role models of Christ followers who live out their relationship with Christ in the context of their marriage. (Titus 2:3-8)

- Family Get-Away (July)
- Promote through small groups

Train Parents

We believe parents have the primary responsibility and influence in the spiritual development of their children. We do not believe the role of parents is simply to take their kids to church. Rather, the church's role is to support and assist the parents in their discipleship ministry of their children. To teach the Bible and Christian beliefs and to promote Christlike character and values (Deut. 6:7).

Helping parents to help their kids

To understand the gospel, scripture memory, catechism, etc.,

To learn patience, kindness; to value the Bible, prayer, missions,

To love God.

- Create a library of Christian Education resources
- Launch classes/seminars/workshops

To provide opportunities to develop and use talents in ministry

- Launch a mentorship ministry, finding mentors within and without Renewal

To help members learn from one another, share ideas, encourage one another. (Pr 27:17, 1 Cor 12, Eph 4:11-16)

- Increase the number of small groups

- Train small group leaders to promote sharing and accountability

To provide family-centered activities and events that help parents disciple their children.

We believe that the church should not always be separating families (husbands from wives from children), but should be promoting spiritual activities that families can do together as a family.

- Incorporate into Family Life

- Plan special events for mothers' day, fathers' day, Christmas, Easter

Participate in the work of the church

To help families see that they are not customers of a family-services provider, but are the people of God (individuals and families) serving the purpose of God on earth. They are the church.

Evangelism & discipleship

- Promote friendship evangelism with events to invite families/couples to (Family Life, fellowship events). Family ministry could be a significant means to bring people (back) into the church.
